

Mitchell B. Briskin

Director Technical Communications Corporation

Mr. Briskin was appointed to the Board of Directors of Technical Communications Corporation in 1998. He has extensive corporate finance and business development experience with middle market and medical technology companies.

Mr. Briskin served as Vice President of Strategic Relationships for Thermalin Diabetes from April 2012 to May 2014. Mr. Briskin was responsible for arranging development partnerships and raising capital for Thermalin.

Previously, Mr. Briskin was a Managing Director with Stonebridge Associates, a Boston-based investment bank that provides a wide range of corporate finance services to middle market and emerging growth companies, including merger and acquisition advisory services and private equity placements.

Prior to this, Mr. Briskin was a Principal with Concord Investment Partners, a private equity investment partnership focused on creating value in middle market companies through operational improvement.

As Chief Operating Officer at General Chemical Corporation, Mr. Briskin managed operations and sales for this leading New England environmental services and chemical distribution company. In addition, he served as the company's corporate counsel, supervising all corporate legal matters. Mr. Briskin was also a Lawyer with Patterson, Belknap, Webb & Tyler, a 150-lawyer firm based in New York City. While there he was a member of the real estate and litigation departments.

Mr. Briskin holds a Masters in Business Administration from Harvard University Graduate School of Business Administration. He was also awarded a Juris Doctor degree with high honors from New York University School of Law. Additionally, Wesleyan University awarded Mr. Briskin a BA degree with honors.
